Who is the M2M SIG for?

The Smart Wireless Modules and Services Special Interest Group

- **CDMA Network Operators and their MVNOs**
- **CDMA Handset and Module/Modem Vendors**
- **M2M Service Provisioning and Enabler Companies**
- **M2M Application Providers**
- **New device vendors in consumer electronics, energy, medical devices and other vertical markets**
- **If you aren't yet a CDG member company, contact us for membership information**

M2M by CDG

The Smart Wireless Modules and Services Special Interest Group

- **Leadership interest already expressed by Reliance Communications**
 - **Qualcomm's Atul Suri providing SIG management support**
- **Work to do within the SIG:**
 - **Create M2M Marketplace for easy access to CDMA2000-based solutions**
 - **Encourage additional module and application providers to support CDMA2000**
 - **Provide solutions for imminent numbering issues related to MEIDs and IPv6**
 - **Finalize and promote M2M device certification with CCF and applicable regulatory bodies**

M2M by CDG

The Smart Wireless Modules and Services Special Interest Group

- **What we need from you:**
 - **Tell CDG about additional vertical markets and companies who should participate: your partners and suppliers**
 - **Tell CDG what you need the M2M SIG to accomplish**
 - **Get the right people at your company to sign up for the M2M SIG**
 - **Participate in our future calls and meetings:**
 - **In San Diego with CDG's device team meeting in January?**
 - **At CTIA in Las Vegas in March**
 - **In Shanghai at CDG's CDMA World Forum in June**

Interested in a leadership position in the SIG?

Let us know who else from your company you would like on the M2M SIG email list
